Charles Bigby has returned from Tombstone.—Silver City Enterprise.

It is reported that work will be resumed on the Empire mine about the first week in October.

The Girard will commence pouring away on Oct. 1 just as soon as the pipes are laid from the Grand Central flume.

Just received at the Crystal Palace Saloon a carload of Lemp's St. Louis beer, it is cold on draught.

Charles Frederick has a large force of men at work laying pipes from the Grand Central flume to the Girard and

Yesterday was a very quiet Sunday. No horse races, nor amusement of any kind, and very few people on the street.

It would be well for stockmen who have suffered any loss by Indians, to file their claims in a proper shape in the Interior Department, as a chance exists for them to recover damages.

The large hoisting machinery in the old Head Center works are being removed to the combination shaft, and it is expected that a force of men will be put to work about the 5th of next month.

Tim Sullivan came in from the Kickapoo country, I. T. He was seen on the quarter stretch, was of the opinion that there is more money in a good, well-built, weighty grass steer than in fast horses.—Live Stock Record.

George W. Certein, a Record friend, has just returned from New Mexico and Arizona, where he disposed of seventy-two head of Angus and Galloway cattle. The prices received were satisfactory, taking into consideration the stagnation in the bull market.—Kansas Record.

W. F. Staunton, representing the Tombstone milling and mining company, is here investigating the Russell lamination process in success operation at the Eggworks, below town. It is likely that his company will erect similar works at Tombstone or Charleston.—Silver City Enterprise.

A day or two since, in the Georgia Legislature, Rev. Dr. Eaton moved that \$2500 each be appropriated for life-size portraits of the eminent Baptist, Rev. Jesse Mercer, and the equally eminent Methodist, the late Bishop Pierce. Mr. Araheim, who is a devoted Jew, immediately rose and moved that \$25 dollars be appropriated to secure a cheap picture of Moses.

A San Antonio cattle man named Kompson died at Colorado Springs the other day from infarction of the heart. His daughter, Mrs. Hoff, was with him, and immediately chartered a Pullman car at an expense of \$1,500 to take the remains home. The car and its heavily laden party arrived in Las Vegas this morning and remains here until this evening, when they go to Texas via E. Paso.—Las Vegas Optic, Sept. 10.

The economical young man will save lots of money by getting married now. It is announced that sugar was advanced yesterday one and one-half cents per pound in the San Francisco markets, and that a further increase in the price will soon be made. This is a direct blow aimed at confections and affections which the young people should form a combination to combat.—Citizen.

Thomas A. Hendricks, who labors under the singular hallucination that he is an integral of the present administration, has informed the President that a change in the office of Surgeon General of the Marine Hospital service is neither wise nor expedient. A change in that office is therefore imminent. Hendricks had previously sought a change and had urged the appointment of Dr. Matthews to the position.—Citizen.

A large number of our citizens attended the services at the Methodist church last evening, attracted thereby by the announcement that the glee club would render the musical selections. The glee club is composed of some of the best singers in the Territory, and it is a treat to listen to them. We learn that in future they will sing at the Episcopal church at the morning services, and at the Methodist church in the evening.

A Presey Paper. New York Tribune

The Arizona editor whose rare sayings were first noticed by the Tribune is attracting a wide celebrity. The Chicago Tribune, with commendable enterprise, publishes a fair sample of the editorial page of the Red Guard Episcopalian, from which it is seen that that paper is about the briefest think on the continent. Here is its announcement of terms:

Any galoot who wants the Klipperette for a year can have it left at his door room on payment of three red chips in advance. Now's your time to chip in, Boys, she's a dandy.

Advertisements will be stuck up at the end of the day and dust and mules taken in exchange.

The ducks which won't pull up your subscriptions wants a mule. We write you that we know who you are, and we are going out connecting in a day or two with a new brace of Chaps ready for all new customers. We are in business.

Funeral notices must be accompanied by the address of the deceased for publication, and as a guarantee of prompt payment.

We are personally responsible for all news published in these columns. Office hours from 10 a. m. to 5 p. m.

The "Pump."

There's the familiar pump, who pushes in the business of life or hurls to her out every disagreeable circumstance connected with every family, and round the round the neighborhood. People speak of her as "knowing everything," but this supreme knowledge is only gained by the greatest persistence and systematic bombing.

The pump is deposed, and now she generally makes her attack upon the young and softest members of a family, going to work after the fashion. She meets little Mary, whose brother George has left the country (as she thinks) suddenly and suspiciously. After kissing the ear which she has just pulled into a shop, expects a penny on account, then they walk hand in hand, and start for Nauvoo, when work will be resumed at once upon Green-mont property.

The demand for the celebrated New Orleans cigar, being so great, Johnson & Walker have just received a new supply. The pump needs no assistance, though he was out of town for a day. The Judge still selects the 20-cent cigar as the companion.

The free worth this city has commenced with renewed vigor. Messrs. Goss & Webb, the tailors, just received a car load of lamps, having been sent from St. Louis.

A party consisting of Mr. Johnson, Walker and three others will travel to Pueblo this evening on the train, where they will be met by Sam, Bob with a four-wheeled stage, and start for Nauvoo, when work will be resumed at once upon Green-mont property.

The demand for the celebrated New Orleans cigar, being so great, Johnson & Walker have just received a new supply.

To clean teeth use a mixture of cherry and sweet oil, following it with pepper of kerosene." This would seem to be queer advice, but as it is taken from a mechanist's magazine and from chapter relating to circular saws, we leave no doubt it is given in good faith.—Eve.

When Mr. Hendricks goes to any kind of a show-piece-dress, the host always strikes him as "kind to the child." Then they call such styling "softies" as "Soaks in the water," "The Whirlpool in the Wind" and "Wake Up, William Rileys." And yet they say that the old presidents never had any such—Philadelphian Mercury.

She Was Safe.—Boston girls, Beware! Do the papers say that there are many bright girls still with us? "Yes," "Yes, I'm safe!" Long victim of skulldugery, "George, however, I am exposed to small-pox!" "Now, Why?" "Oh, nothing, only I thought I'd tell you I've been vaccinated!"—Chicago News.

An approximate idea of the cost of a spring patent to a mining claim may be secured by very closely as follows: Application to United States Surveyor-General, \$10; surveying and plotting fees from \$100 to \$125; entry of the land office, \$10; purchase of legal fees per acre, not necessarily payable in cash, \$100; attorney's fees, \$10; attorney's fees, \$10; Total, \$400 to \$500.

A deed was passed on record Monday, in the recorder's office of Yuma county, from Jay Gould, representing the Texas Pacific Company, to C. P. Huntington for the Southern Pacific Company, for all rights, title, franchises, lands, etc., of the Texas Pacific Railroad Company, from El Paso, Texas, to San Diego, California to the Southern Pacific Railroad. The deed was executed in 1881, and the consideration is nominal.—Yuma Republic after-set forth:

1st. That he is a stranger to our success, and has no common interest in our success.

2nd. That he was brought from afar by the so-called townsite owners for the purpose of dispossessing our settlers from their homes.

3rd. That he is now and always has been since his advent in our midst a bad attorney in the employ of the townsite company, and as such an attorney we cannot expect justice at his hands as Court Commissioner.

4th. That he has passed upon the validity of some of our city ordinances in advance, and has deemed openly upon streets that said ordinances are not worth a damn and it brought before him, would be better cleared.

5th. And we urgently and respectfully ask that you remove this man from the office he now occupies, in utter disregard of the wishes of all our people; and we further ask that you appoint to said office some suitable person who will give confidence and command the respect of our citizens.
